60 cm   80 cm   100 cm

min 105 cm (visible)

max 200 cm (visible)
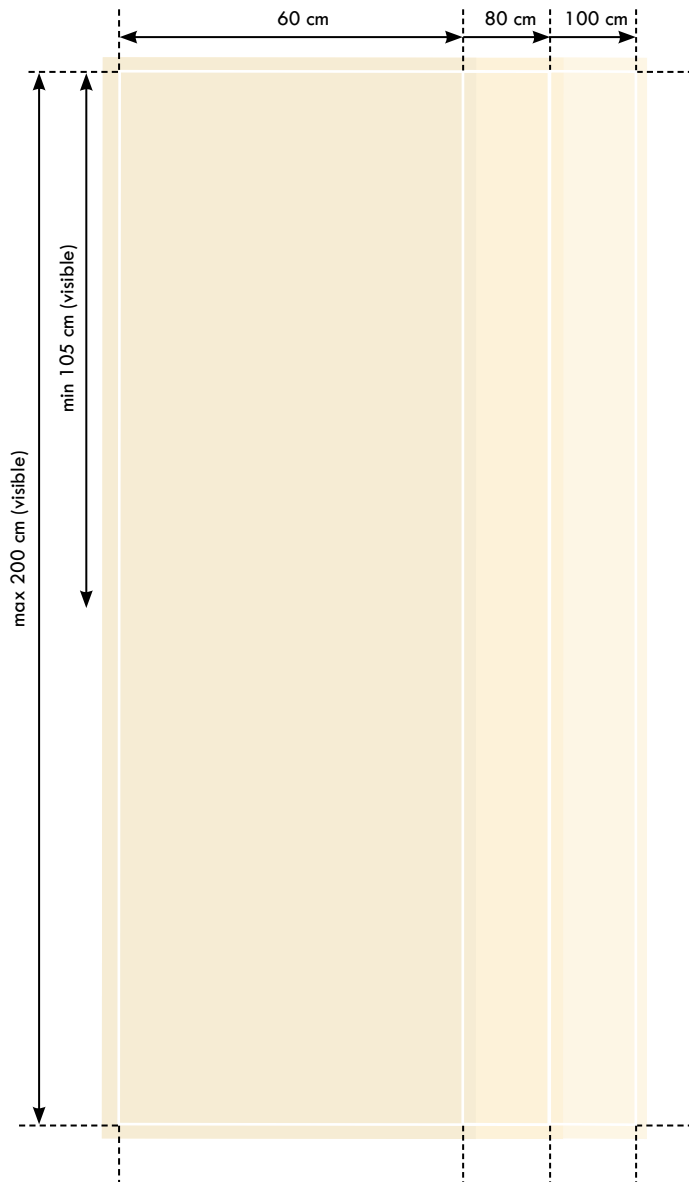

Mounting of graphics
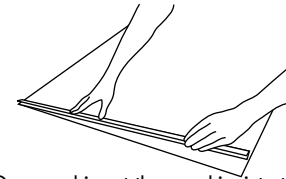

Open and insert the graphics into the slot of the top profile. Note that the two profiles (top and bottom) looks exactly the same.

Secure it by closing the profile. Make sure to apply enough pressure to assure secure mounting.

Do the same thing with the bottom profile. Open the profile, insert the graphics and secure it by closing.

Mount the profiles to the system as shown in the picture. To create the right tension on the graphics, slide the bottom connector and profile down.
